1. Introduction

This document sets out Ark Schools' procedure for managing allegations of abuse made against any member of school staff, supply staff or volunteers. It should be followed wherever an allegation of abuse is made. It should be noted that a member of staff could be subject to an allegation even if they have not harmed a child or intended to harm a child. It is sufficient that the staff member's conduct could pose a risk to the child.

This procedure applies to teachers, senior leaders, supply teachers, other professionals and staff working in or for an Ark school and volunteers, including governors.

2. Aims

To set out the procedure for managing allegations of abuse in compliance with statutory requirements and to set out the support available to staff and volunteers who may be the subject of an allegation of abuse.

3. Purpose

3.1 The framework for managing cases of allegations of abuse against teachers and other staff is set out in the statutory guidance 'Keeping Children Safe in Education' (September 2022) (KCSIE). The guidance can be found [here](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1080047/KCSIE_2022_revised.pdf).

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1080047/KCSIE_2022_revised.pdf

3.2 This guidance should be read alongside the statutory guidance KCSIE September 2022 Part 4 and Ark Schools Safeguarding & Child Protection Policy s.18:

This guidance should be followed where it is alleged that anyone working in the school or college that provides education for children 18 years of age and under, including supply teachers and volunteers has:

- *behaved in a way that has harmed a child, or may have harmed a child;*
- *possibly committed a criminal offence against or related to a child; or*
- *behaved towards a child or children in a way that indicates they may pose a risk of harm to children or to a particular child;*
- *behaved or may have behaved in a way that indicates they may not be suitable to work with children*

3.3 This guidance relates to members of staff, supply staff and volunteers who are currently working in any Ark school regardless of whether the school is where the alleged abuse took place. Allegations against a former member of staff who is no longer at the Academy should be raised with the Principal who will decide on the course of appropriate action, which may include a referral to the Police.

An allegation against a member of staff, supply staff or volunteer may arise from a number of sources e.g.:

- a report from a child victim
- a concern raised by another child/adult in the school
- a concern raised by a parent or carer.

It is essential that any Safeguarding issue, concern or allegation made against staff, supply staff, volunteers or other professionals in a school is dealt with very quickly, in a fair and consistent way that provides effective protection for the child and at the same time support the person who is the subject of the concern or allegation.

An overview of how allegations must be handled is relevant for the purposes of Section 175/157 of the Education Act 2002.

3.4 A Complaint- as understood in the Procedure

Within the context of this policy a 'Complaint' could refer to any matter that does not constitute a 'concern' or an 'allegation' as set out above. It is therefore important that complaints are responded to through the appropriate policy and are not managed under this framework. However, when multiple complaints over a sustained period of time, around a common theme this could escalate to an allegation on the balance of probabilities, and it would then be appropriate to follow the procedure for managing allegations.

3.5 Supply Staff and Contractors

There may be an allegation against an individual who is not directly employed by the Academy and the disciplinary procedures do not fully apply. The Academy must ensure the allegations are dealt with properly and in no circumstances should an Academy decide to cease the use of a supply staff member due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer (LADO) to determine a suitable outcome.

When using an agency, the Academy should inform the agency of its process for managing allegations. This should include inviting the agency's human resource manager or equivalent to meetings and keeping them up to date with information about its policies.

3.6 Governors

If an allegation is made against a governor, the matter should be referred to the Director of Governance for action under this guidance. Where an allegation is substantiated, consideration will be given to removing them from office.

Centrally Employed staff

If an allegation is made against a member of staff who is centrally employed, the Principal should report this to the central DSL (Joycelyn Thompson, Head of Safeguarding), or DDSL (Lyndsay Harris, Director of Pastoral and Inclusion) immediately who will then commence the fact-finding process. The central DSL or DDSL will inform the Head of Schools People Business Partnering and the Director of Education as appropriate.

4. Defining an allegation which meets the harm threshold

- 4.1.** In the first instance whenever an allegation is made against a member of staff, supply staff or volunteer that meets any of the above criteria, the Principal must be informed immediately. This is part of our Safeguarding Policy and is made clear to all staff during safeguarding training.
 - 4.2.** It is the Principal's responsibility to immediately consult the Designated Officer (LADO) and where appropriate the police should be informed immediately. The Principal should also ensure the Regional Director, Head of Safeguarding, and Regional People Business Partner are informed and consulted. (Please refer to Appendix A for contact details). If the allegation is made against a Principal, the person receiving the information must contact the Regional Director and inform the Head of Safeguarding and Regional People Business Partner who will work in collaboration to provide advice and guidance.
 - 4.3.** If the allegation is against an Executive Principal or Regional Director, the person receiving the information must contact the Director of Education (Venessa Wilms) or Director of Secondary Education (Jerry Collins), as well as the Head of Safeguarding (Joycelyn Thompson) and Head of People Business Partnering (Claudette Wilson) who will work in collaboration to provide advice and guidance.
- 4.3.1** The Principal must advise the People Business Partner if an allegation:
- could result in, or has resulted in, a strategic case meeting being called by a Designated Officer (LADO);

- relates to a member of staff and, without prejudice to the case, the Principal judges that it may result in disciplinary action being taken.
- 4.4.** Where a safeguarding concern or allegation triggers another procedure such as a grievance or disciplinary, the Academy should refer to the appropriate policy and discuss the case with the Regional People Business Partner who will provide HR advice in these circumstances.
 - 4.5.** If an allegation requires immediate attention, but is received outside of normal office hours, the Principal should consult the Children's services Emergency Duty Team or the Child Abuse Investigation Team (CAIT) via local Police. The Principal should also inform relevant people (see section 8.3) as soon as possible following this action.
 - 4.6.** Please refer to the following flow chart which sets out a summary of the overall procedure to be followed.

Allegation raised

Allegation involves a member of staff, agency staff, volunteer or visitor

The Principal consults the Designated Officer (LADO).

Principal informs and consults the Regional Director, Head of Safeguarding & People Business Partner.

Step 1: Initial considerations

Step 2: Principal to complete fact-finding exercise and further discussion with Designated Officer (LADO).

Step 3: Responses to fact finding

Allegation involves Principal

Regional Director consults the Designated Officer (LADO)

Regional Director informs and consults the Head of Safeguarding & People Business Partner.

Step 1: Initial considerations

Step 2: Regional Director to complete fact-finding exercise and further discussion with Designated Officer

Step 3: Responses to fact finding

The pupil is alleged to have suffered, or is likely to suffer, significant harm.

Criminal offence is alleged.

The allegation relates to poor or inappropriate behaviour.

The allegation is clearly and demonstrably without foundation and no further action is required.

Designated Officer (LADO) to organise strategy discussion.

Where allegation of criminal offence, requires referral to police. In case of serious harm, referral required to social care.

Follow the Ark Schools Disciplinary or Capability procedures (where appropriate).

The staff member should be told orally and in writing that the allegation is without foundation and no further action will be taken. Details of allegations that are found to have been malicious should be removed from personnel records

The Principal will consult the Designated Officer (LADO) to discuss the next action points. Advice may also be sought from children's services and the police as required. The case manager in the first instance should be the Principal unless the concern relates to the Principal in which case this should be the Regional Director. It's important that the case manager updates the member of staff subject to the allegation with any necessary information as advised by the LADO or the Police. In some cases it may be this information is limited (and in some cases not at all) until further fact finding has taken place.

Step 2: Conducting a fact-finding exercise

- 4.7.** After a discussion with the LA Designated Officer (LADO) and Regional Director, Head of Safeguarding and Regional People Business Partner, the Principal should conduct an investigative process on the matter. The Principal must undertake a fact-finding exercise and:
- obtain written details of the concern/allegation
 - countersign and date the written details
 - record any information about times, dates and location of alleged incident(s) and names of any potential witnesses
 - Record that a disclosure has been made by the pupil onto their record on Impero EdAware, this should not include any staff details. For instance, "Student X made an allegation against a member of staff. Details passed to the Principal".
 - Log the full details of the concern, any discussion about the child and/or member of staff, any decisions made, and the reasons for those decisions onto the People Section of Impero EdAware
 - If more information is required than the initial disclosure, the Principal may obtain any additional information which may be relevant such as previous history, risk assessments, whether the child or their family have made similar allegations and the individual's current contact with children.
- 4.8.** In cases of an allegation against the Principal, Regional Director or Executive Principal, s/he should not be asked to gather the above information themselves. (Refer to point 4.2 and 4.3)
- 4.9.** The following definitions should be used when determining the outcome of allegation investigations:
- a. Substantiated: there is sufficient evidence to prove the allegation;
 - b. Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive;
 - c. False: there is sufficient evidence to disprove the allegation;
 - d. Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation. The term, therefore, does not imply guilt or innocence;
 - e. Unfounded: to reflect cases where there is no evidence or proper basis which supports the allegation being made.
- 4.10.** After the fact-finding exercise and further discussion with the Designated Officer (LADO), and determined outcome one or more of the following may be applicable:
- a) The pupil is alleged to have suffered, or is likely to suffer, significant harm - this requires an immediate referral to children's services.
 - b) A criminal offence is alleged - this requires referral to the police.
 - c) The allegation relates to poor or inappropriate behaviour and requires an investigation to be completed. The People Business Partner should be notified. In addition, the Head of Safeguarding should be informed to ensure staff/pupil support/external referral (as necessary)

d) The allegation is clearly and demonstrably without foundation and no further action is required.

4.11. Where it is clear that an investigation by the police or Local Authority children's services is unnecessary, or the strategy discussion or initial evaluation decides that is the case, in those circumstances the options open to the school are dependent on the nature and circumstances of the allegation and the evidence and information available. The school should refer to the Ark Schools Disciplinary or Capability Policy as appropriate.

4.12. The Principal will continue to update the Regional Director as well as the Head of Safeguarding and Regional People Business partner during the initial consideration process.

4.13. Working with families. It is important that case managers consider the support that the child/children may need if they are part of the investigation, as well as what the communication with parents should look like. Things to consider:

- Support for the child/children: what do they need? Which member of staff is best placed to do the support work with the child? Are any referrals required?
- Communication with parents must be timely and avoid an escalation of the situation.
- The appropriate member of staff to be the key contact with the parents
- Explanation of what the allegation is without disclosing any specific staff names
- State the importance of keeping the allegation confidential (not posting any information online)
- Communicate with the parents about the support their child will need throughout the fact-finding process
- Inform them of the investigation process and timeline, give them an opportunity to ask any follow up questions.

5. Responding to fact finding outcomes

Step 3: Responding to the fact-finding outcomes

Following the fact-finding exercise, one or more of the outcomes set out in section 4.10 (a) to (e) below may be applicable.

5.1. Outcome where either 4.11 (a) the pupil is alleged to have suffered, or is likely to suffer, significant harm or 4.11 (b) a criminal offence is alleged.

5.1.1 Strategy discussion

If the conclusion relates to either 4.10 (a) or 4.10 (b) above, the Designated Officer (LADO) will arrange a strategy discussion. The Principal, police, children's services, Regional People Business Partner must, and Head of Safeguarding should be invited (if matter relates to SLT/Principal). The staff member should not attend. The discussion will:

- focus on the needs of the pupil(s) who may be at risk; and
- determine what action should be taken regarding further investigation
- decide on who will inform the parents/carers of the child or young person

5.1.2 Managing Allegations Strategy Meeting

Following the outcome of the strategy discussion, a managing allegations strategy meeting will be convened. The Designated Officer (LADO) will convene the meeting with any other relevant people, such as the Principal, children's services, police, and Regional People Business Partner and Head of Safeguarding should be invited (if the matter relates to SLT/Principal). The staff member against whom the allegations are made against should not attend. The general purpose of the meeting is to consider evidence and discuss the next steps.

The LADO will send out a letter inviting attendees to the meeting, detailing what will be discussed. At the end of the strategy meeting, it will be agreed how and who will inform the staff member of the outcome.

Subsequent managing allegations strategy meetings will be held fortnightly, or at a minimum, monthly, to review progress. Each strategy discussion outcome will depend on the facts of the matter and the particular agencies which may be involved.

Important note: where there is an allegation of harm or a crime has been committed, please also refer to sections 8 and 9 below.

5.2. Outcome where 4.11 (c) the allegation relates to poor or inappropriate behaviour

5.2.1 In the course of an investigation, several elements may be followed:

- the Principal to liaise with the Regional People Business Partner to arrange for an investigation to be conducted. Guidance on who should undertake an investigation and how one must be completed can be found in The Ark Schools Disciplinary Policy point 5.
- Enquiries and assessment by children's services about whether a child is in need of protection or in need of services.

5.3. Outcome where 4.10 (e) the allegation is clearly and demonstrably without foundation: If the conclusion relates to 4.10 (e), the staff member should be told orally and in writing that the allegation is without foundation and no further action will be taken. Details of allegations that are found to have been malicious should be removed from personnel records

6. Informing the individual and others

6.1. The Principal should inform the member of staff against whom the allegation has been made against, about the allegation as soon as possible after consulting the Designated Officer (LADO), Head of Safeguarding and People Business Partner.

6.2. The Principal will discuss with the Designated Officer (LADO) at the initial consideration stage on how to inform parents or carers of the allegation. Thereafter, parents/carers should also be kept informed about the progress of the case and told the outcome where there is not a criminal prosecution, including the outcome of any disciplinary process. The deliberations of a disciplinary hearing, and the information taken into account in reaching a decision, cannot normally be disclosed, but the parents or carers of the child should be told the outcome.

7. If a referral to children's services is required

7.1. As set out in section 4.10 (a), a referral is required:

- if a pupil has suffered, is suffering, or is likely to suffer significant or serious harm
- a pupil alleges a criminal offence has been committed
- where there is an allegation of a sexual nature

These referrals are managed in accordance with referral processes and thresholds established by the local safeguarding partners.

7.2. The Principal will liaise with the Academy's DSL when a referral to children's services and/or external body is required.

8. If a crime has been committed

8.1. As set out in section 4.11 (b), if a crime has been committed, and there is reason to suspect significant harm, the academy should inform the Designated Officer (LADO) and the police immediately.

8.2. Where there is no reason to suspect significant harm, the academy should inform the Designated Officer (LADO) who will organise a strategy discussion to decide if a police referral and investigation is needed.

8.3. If it is not necessary to work with children's services, but a police investigation is required, the Designated Officer (LADO) will then agree with the police, the school and any other agencies the nature of the allegation and how it should be addressed. The discussion will take place within one working day of the referral. The police will continue to monitor the case.

8.4. If the member of staff is not charged, the Principal and Designated Officer (LADO) will decide how to handle the case. If a charge is necessary, the police will inform the member of staff.

9. Suspension

In cases where suspension is a consideration refer to [Ark Schools Disciplinary Policy Pt 9](#).

The Principal **must** discuss suspension with their Regional People Business Partner prior to taking action and complete the suspension risk assessment to document the decision made. If in doubt, the academy should seek views from the Designated Officer (LADO), as well as the police and local authority children's social care where they have been involved.

If the Regional People Business Partner is unavailable, the Principal should consult the Head of Business Partnership. The Regional Director and Head of Safeguarding must be informed of any decision made to suspend a staff member following an allegation.

10. Record keeping and information sharing

Records

- 10.1. Where a staff member raises an allegation against a member of staff, agency worker or contractor they must inform the Principal as per the academies safeguarding policy and procedure.
- 10.2. The Principal will then record any allegation, concern and discussions on the People section of Impero EdAware which only Principals have access to. Records should be completed as soon as possible after the allegation. This includes:
 - incident details
 - LADO referral made confirmation
 - follow up action
 - how it was resolved
 - action taken
 - any sanctions
- 10.3. Even if no police or disciplinary action is taken, a record will be kept of the allegation on Impero EdAware.
- 10.4. If the actions of the member of staff, and the consequences of the actions, do not raise credible allegation concerns, but do raise other issues in relation to the conduct of the member of staff or the pupil(s), this will be addressed in accordance with internal procedures.
- 10.5. Any information or referral forms submitted to the Designated Officer (LADO) or investigation agencies should be added to the online record on Impero EdAware.

Information sharing: need to know

- 10.6. Other staff will only be informed on a 'need to know' basis. Notification may be delayed if the police believe it could prejudice an investigation. Those who will be told are likely to include:
 - staff member;
 - pupil concerned and their parent(s)/carers;
 - individual making the allegation;
 - Principal and Regional Director;
 - Head of safeguarding and People Business Partner;
 - Director of External Relations;
 - Designated Officer (LADO) and investigating agencies
- 10.7. If an allegation results in disciplinary action, the investigating officer and the disciplinary hearing chair (if appropriate) will be given all information with redactions to protect the identity of pupils.
- 10.8. The individuals outlined above will be informed of the outcome/actions of any meeting as appropriate, as well as Ark's Education Directors, the Chair of the governing body and Safeguarding link governor (as necessary).

11. False allegations

- 11.1.** If an allegation is found to be false, action will be taken to see if the person making the allegation is in need of services. If it is a deliberately malicious allegation made by:
- a pupil, the Principal will take action in line with the Behavioural Policy.
 - a staff member, it will be handled in accordance with the Disciplinary Policy – the police may also consider taking action in this situation.
 - In some cases a false or malicious allegation may indicate a safeguarding concern. If there is reason to believe this may be the case, the Academy should follow its normal safeguarding procedures.
- 11.2.** If it is clear an allegation is false and /or unfounded, the accused staff member will be informed orally and in writing that no further action will be taken. Details of allegations that are found to have been malicious should be removed from personnel records.

12. Supporting those involved

- 12.1.** Ark has a duty of care to staff, supply staff and volunteers. The school aims to support the individual throughout the allegation process and will do all it can to manage and minimise stress. If the individual is external to the school, contact will be made with the relevant agency or service provider.
- 12.2.** Information will be provided to the individual as soon as possible in line with the guidance set out in this procedure and throughout the allegation process. A named representative will be appointed to keep the individual informed of the progress of the allegation. This person will have no involvement in the investigation itself, and will hold an appropriate level of seniority within the Academy. It is part of their role to keep the member of staff updated as to the progress of the investigation, as well as to monitor the staff member's welfare.
- 12.3.** The member of staff or supply staff may wish to contact their Trade Union Representative, if they have one, or a colleague for support. Staff should also be reminded about the confidential counselling support, which is available through the Employee Assistance Programme (section 13).
- 12.4.** Social contact with colleagues and friends should not be prevented unless there is evidence to suggest that such contact is likely to be prejudicial to the gathering and presentation of evidence. The staff member should be advised not to discuss the case with any staff members.

13. Employee Assistance Programme

- 13.1.** The service is available 24 hours a day, 7 days a week, and 365 days a year and is accessible by phone, email, instant messaging and website. The service offers assistance with any work, personal or family issue and includes professional consultation, access to face-to-face counselling (up to six sessions), information, resources and referrals to local services. EAP can be accessed, in the following ways:

FREEPHONE: 0800 243 458
EMAIL assistance@workplaceoptions.com
WEBSITE www.workplaceoptions.com (Username: **Ark Schools**, Password: **employee**)
SMS (for call back): **07909 341 229**

- 13.2.** Should medical advice and guidance be required this can be arranged through the member of staff responsible for HR within the academy, who will arrange for a referral to Ark's Occupational Health providers.

14. Confidentiality

- 14.1.** It is extremely important that when an allegation is made, the school makes every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered. The academy should take advice from Ark Central on:

- who needs to know and, importantly, exactly what information can be shared;
- how to manage speculation, leaks and gossip;
- what, if any, information can be reasonably given to the wider community to reduce speculation; and
- how to manage press interest, if and when it should arise.

15. On conclusion of a case and exit arrangements: possible referrals required

If an allegation is founded, the KCSIE guidance should be consulted in conjunction with this procedure as to which referrals to professional bodies may be required.

15.1. Referral to Disclosure and Barring Service (BBS)

Schools have a legal duty to refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- the harm test is satisfied in respect of that individual. To satisfy the harm test there needs to be credible evidence of a risk of harm to children or vulnerable adults such as statements made by an individual regarding conduct/behaviour, etc.
- For a case to be considered as a risk of harm, relevant conduct would not have occurred but there must be tangible evidence rather than a “feeling” that a person represents a risk to children and / or vulnerable adults. For example, a teacher who confides in their head teacher that they are sexually attracted to children (but who had not engaged in ‘relevant conduct’) would satisfy the harm test.
- the individual has received a caution or conviction for a relevant offence, or if there is reason to believe that the individual has committed a listed relevant offence; and
- the individual has ceased working in a regulated activity or would have been removed had they not left.

The Regional Business Partner will be responsible for making this referral

15.2. Referral to Teaching Regulation Agency (TRA) for consideration

Where an allegation is substantiated and the member of staff is dismissed or resigns, school must refer the matter to the TRA for consideration for a prohibition order. The Regional Business Partner will be responsible for making this referral

16. Lessons learnt

If there is a substantiated allegation against a member of staff, the Principal, Regional Director, Head of Safeguarding, People Business Partner, DSL and Director of External Relations will work with the Designated Officer (LADO) to identify any changes, lessons learnt and improvements which could be made to help prevent similar events in the future.

17. Low Level Concerns

When concerns are raised which do not meet the harm threshold as set out above it is important that the academy records these and takes the appropriate safeguarding actions. As part of the whole school approach to safeguarding it is important that all staff, pupils, parents, volunteers and supply staff understand that they can raise concerns at any time, who they should raise concerns to and how concerns are recorded within the academy so that concerns can be dealt with promptly minimising any risk of harm.

Sharing of low-level concerns should encourage an open and transparent culture in which concerns are identified early, risk of harm can be minimised and those working in or on behalf of the academy are clear about professional boundaries and act within the values and ethos of the academy’s behavioural standards.

17.1 What is a low-level concern?

A low-level concern is one which does not meet the threshold as defined in pt.3 of this policy, this does not mean that the concern is insignificant. No matter how small a staff member may perceive their concern if an adult working in or on behalf of the academy has acted in a way which is:

- inconsistent with the Academy’s behavioural standards as set out in the code of conduct, teachers standards, disciplinary policy and safeguarding and child protection policy, including inappropriate conduct outside of work
- does not meet the threshold or would not be considered serious enough to consider a referral to LADO.

KCSIE gives the following non limiting examples:

- being overly friendly with children;
- having favourites
- taking photographs of children on their mobile phone
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- using inappropriate sexualised, intimidating or offensive language

It is acknowledged that this behaviour exists on a wide spectrum from thoughtless, context specific actions or that which is intended to enable abuse. It is crucial that all staff feel enabled to raise such concerns with the designated safeguarding lead or deputy to ensure that such concerns are recorded and dealt with promptly and appropriately.

17.3 Sharing low level concerns

As with any safeguarding concern about a member of staff (including agency staff and volunteers) in the Academy, all low-level concerns should be reported to the Principal. The Principal should be the ultimate decision maker in respect of all low-level concerns, although it is recognised that depending on the nature of some low-level concerns the Principal may wish to consult with the DSL and take a more collaborative decision-making approach.

Where the concern relates to a person employed by a supply agency or contractor that concern should be shared with the Principal and their employer notified about the concern so any potential patterns can be identified.

Staff should feel confident to self-refer where they may have found themselves in a situation which could be misinterpreted, or on reflection where they believe they have behaved in such a way which falls below the expected professional standards

If a Principal is in any doubt as to whether the information which has been shared about a member of staff as a low-level concern in fact meets the harm threshold, they should consult with their LADO.

17.4 Recording low level concerns

All low-level concerns must be logged on Impero EdAware by the Principal as either meeting threshold (LADO referral) or not meeting threshold (low-level concerns).

Records should be reviewed half termly so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, the Academy should decide on a course of action, either through its disciplinary procedures or where a pattern of behaviour moves from a concern to meeting the harms threshold, in which case it should be referred to the Designated Officer LADO. Consideration should also be given to whether there are wider cultural issues within the Academy that enabled the behaviour to occur and where appropriate policies could be revised, or extra training delivered to minimise the risk of it happening again.

17.5 Responding to low level concerns

The Principal (or designated DSL) must collect as much evidence as possible by speaking to those who raised the concern, the individual(s) involved and any further witnesses. The information

collected will enable the Principal to determine what further action may need to be taken. All information gathered along with the rationale for the decision and action taken should be recorded on Impero EdAware.

17.6 References and low-level concerns

Low level concerns should not be included in references unless they relate to issues which would normally be included in a reference, for example, misconduct or poor performance. It follows that a low-level concern which relates exclusively to safeguarding (and not to misconduct or poor performance) should not be referred to in a reference. However, where a low-level concern (or group of concerns) has met the threshold for referral to the (Designated Officer) LADO and found to be substantiated, it should be referred to in a reference.
