Dear Parents of Year 7,

The government has decided to offer all 12-15 year olds the Covid-19 vaccination, and so pupils of this age range will have the opportunity to have the vaccine at KSA on Thursday 21st October. Most of Year 7 are still 11 years old, so will not be able to have the vaccine, but we are writing to all parents so that if your child is still 11 you have the opportunity to know that some of your child's peers will be vaccinated. It is likely that those in that situation will be able to have their child vaccinated once they turn 12 so hopefully it is also useful information for all parents to have.

For parents of pupils who are still 11 years old on 21st October 2021, you are welcome to read the attached information, but please do not fill out the consent form.

For pupils who will be 12 years old on 21st October, please read carefully the attached letters about the upcoming Covid Vaccination on Thursday 21st October. The letters are from the NHS explaining the vaccine and from the Principal. In the Principal's letter is a link which all parents of children aged 12-15 are asked to fill in by Monday 18th October, whether they consent or not to their child being vaccinated. If you do not complete this form we will have to follow up with you, so please take the time to complete the form to avoid this.

Best wishes,

King Solomon Academy
