

Neilcott Newsletter

King Solomon Academy

Older Years Site

September 2020

Welcome to the first of our project newsletters about the works taking place at our King Solomon Academy, Older Years site. We will be publishing a regular newsletter throughout the project to provide progress updates and also inform you of movements in and around the construction site.

What are we Building?

The project involves

- Remodelling of parts of the existing buildings
- A new reception desk and remodelled reception area
- A new dining hall to be built in the confines of the courtyard

Construction Progress

Since taking possession of the site, we have progressed well with the North Block soft strip out which, over the next few weeks, will be followed by new partitions being installed and commencing first fix mechanical and electrical works.

In addition, we are starting to strip out the toilet areas in the South Block and the intention is to complete the ground floor toilets by mid-October. There will be additional temporary toilets in place behind the South Block before the new school year to enable the school to facilitate their operations including Covid 19 social distancing.

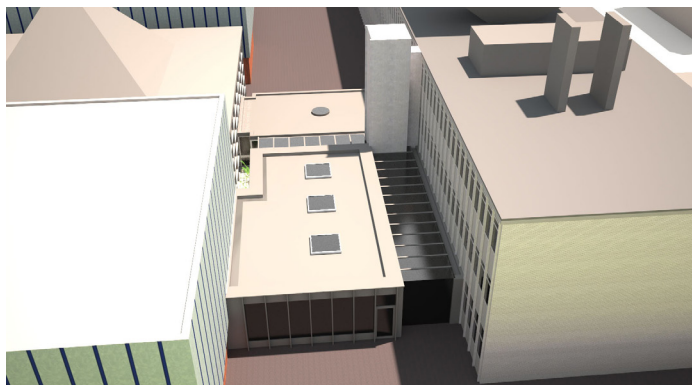

Works to the Dining Hall are due to commence in September 2020 and Complete in March 2021.

Considerate Constructors Scheme

Our King Solomon site has been registered with the Considerate Constructors Scheme. Posters and general information on the scheme have been posted on the site hoardings. All sites registered with the scheme are monitored by an experienced industry professional to assess their performance against the CCS code, and should do all the can to reduce any negative impact they may have on the area in which they are working.

If you have any complaints or comments regarding our site activities and do not want to contact our on site team, please contact the scheme's administration office on 0800 7831423. Alternatively, please visit the scheme's website - www.ccscheme.org.uk

We would like to take this opportunity to thank the school and our surrounding neighbours for your patience whilst we carry out the construction works. Should you have any questions or concerns, please do not hesitate to contact a member of our team below.
